

## How to view Facebook livestreams without an account

To be able to watch the St. Stephen Mass livestream, no Facebook account is needed to view the live stream.

Go to the St. Stephen home page or to the St. Stephen Mass – Live Stream page at

<https://saintstephencc.org/mass-live-stream>. Click on the Facebook Link.

You can also go directly to the Facebook live stream link for our account at:

[www.facebook.com/pg/SaintStephenCatholicChurchWeatherford/videos/](http://www.facebook.com/pg/SaintStephenCatholicChurchWeatherford/videos/)

If you follow the direct link, you will get one of two pages. The first page you get may look like this:

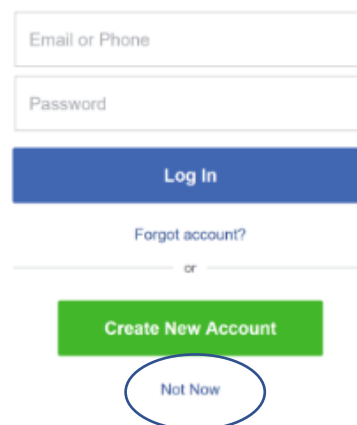

If you get this screen, all you need to do is scroll down to get to your videos. You can completely ignore the “Log in” or “Create New Account” message.

You may also get a page that looks like this:

**See more of St. Stephen Catholic Church on Facebook**

In that case, just click the small “Not Now” below the green “Create New Account” button, and you’ll still be able to view the videos.
